Atlanta Center for
Reproductive Medicine

A CCRM NETWORK CLINIC

Notes:

- Schedule your appointment with ACRM laboratory by calling 678.841.1089.
- Abstain from ejaculation for 2 to 5 days prior to your scheduled appointment.
- We prefer that the specimen is collected at one of our facilities. Private collection rooms are provided for your comfort and convenience.
- If you are collecting at home, you must be present when the specimen is delivered to the ACRM laboratory. Specimens cannot be delivered by a spouse/partner since the origin of the specimen cannot be confirmed.
- You must have a photo ID with you when you arrive for your appointment.

What to Expect at your Appointment:

- The collection rooms we provide are private and secure. They are equipped with a DVD player and other materials for assistance.
- Our goal is to receive a clean specimen free of contaminants that might impact sperm function.
- You should shower the day of your appointment.
- You will masturbate without lubricants, as they may be toxic to the sperm. You will ejaculate into the sterile cup provided.

Specimen Collection at Home:

- Special instructions will be provided if you must collect the specimen at home.
- An appointment must be scheduled for the specimen drop-off by calling 678.841.1089.
- A specimen cup can be obtained from one of our offices in advance of your appointment.
- You should plan to personally deliver the specimen to the laboratory, please make sure to have your ID with you when you arrive.
